TRANSMITTAL

Dear Sir:

Attached please find a replacement RCE form for the above identified patent application. We filed an initial RCE form on June 30, 2009 to request consideration of the After Final Amendment filed on May 29, 2009. We authorized the RCE fee and one-month extension fee to be taken out of our deposit account at the time the initial RCE form was filed, and the one-month extension fee has been taken out of our deposit account. However, the initial RCE form we filed included errors such as listing the incorrect serial number and incorrect applicant.

We are now sending the attached replacement RCE form with this transmittal to replace the incorrect initial RCE form. We do not anticipate paying another RCE fee or any additional extension fee since appropriate fees were authorized when the initial RCE form was filed and since the extension fee has been taken from our account. Further, the Examiner has recognized our intent to request continued examination as a result of our initial albeit incorrect RCE form, as the Examiner contacted the undersigned after noticing that the initial RCE form included incorrect information. The Director is hereby authorized to charge any underpayment of fees to Deposit Account No. 25-0115.

Respectfully submitted,

A handwritten signature in dark ink, appearing to be 'E H Macfarlane', written over a horizontal line.
